

Already have a primary lead finding?

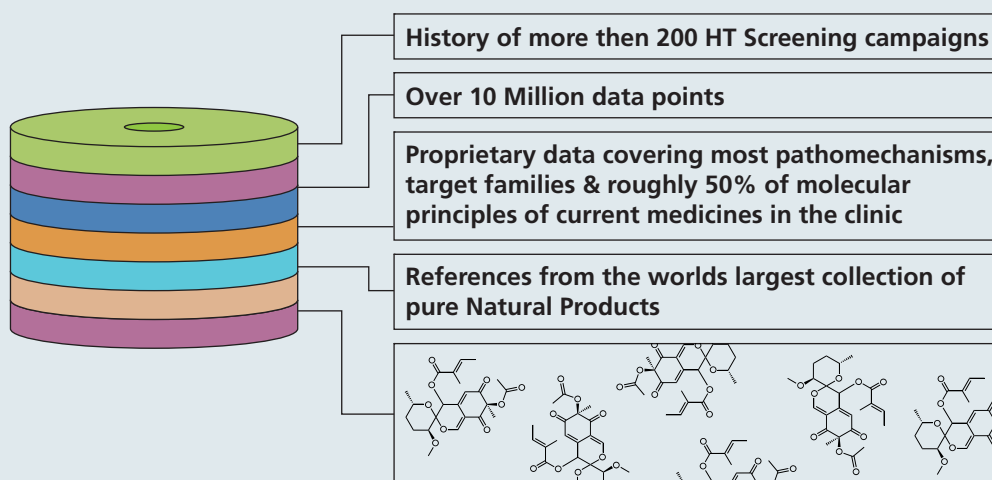

Want leads for a desired bioactivity or indication?

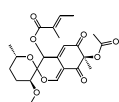

Request for Leads

InterMed Discovery's Databases

Qualified Lead

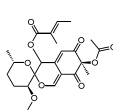

- analogs
- bio-profile
- side effects

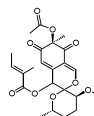

Proposed Lead Candidates

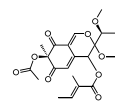

1.

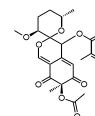

2.

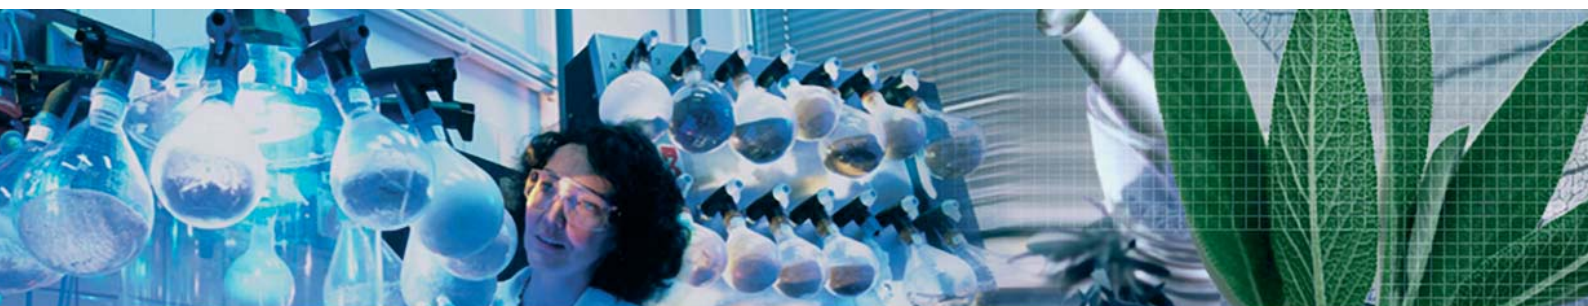

3.

4.

**Better Prediction, Better Results - More Discovery**

Find....	Questions answered	Deliverables
<b>1. Analogs</b>	Which structural analogs exist? What are the biological sources for analogs? Biological activities described (wanted/expected side effects)	Report Project proposal Elaborated project
<b>2. Alternative sourcing</b>	What are the alternative biological sources that provide access to given chemical matter? What is the biological activity profile that can be expected?	Project proposal Elaborated project
<b>3. Biological activity profile of certain compounds</b>	What is the biological activity profile for a given compound (class)	Report Project proposals
<b>4. Profile of biological source material</b>	Which compounds (classes) are known? What is known about biological activities?	Report Project proposals
<b>5. Biological activity</b>	Which biological source materials(s)/compound(s) meet the criteria for targeted biological activities?	Targeted library (mixtures as well as pure compounds)
